Dear Hal=

I'm enclosing an article I submitted to Mary Ferrell & she will get it in the next issue of Lancer's magazine. Let me know what your thoughts are on it—it would be appreciated.

By the way, David Wrone told me you had written to Aguilar, Fetzer + Mantik requesting what new information they had to offer in the assassination. It'll be interesting to see if they reply + even if they do what sort of "new" stuff they've come up with. Aguilar seems caught up in supporting the Z-film alteration stuff + doesn't know how to walk from under it (or maybe he does believe all that nonsense, afterall—I just don't know—he's not spoken to me in about 2 years ago.

Wrone's having problems with Kurtz who has the editor's ear requesting Wrone to "answer" people like Mantik (and the others). Ironically, I think it was Jay Marcus who pointed out to me that Kurtz gave a glowing approval report of Fetzer's latest book + cited the "great work" (or words to that effect) the so-called "experts" did on showing alleged alteration of the Z-film! And this guy Kurtz now is called upon to peer review Wrone's book which diametrically + clearly exposes that nonsense! How ridiculous.

Finally, have you come across Max Holland's book on the WC?

Best, Hal Verb
